José Francisco Jardim Fernandes

ABOUT ME

I'm a programmer with a passion for technology and I'm currently studying Computer Engineering at the Polytechnic of Beja. I'm committed to continuous learning and developing innovative solutions.

EXPERIENCE

Lim9

04/01/2021 - 05/05/2021

Programmer (curricular internship)

I've worked on several projects, including a virtual reality project in Unreal Engine, 3D modelling work such as a tool for generating web models for use with augmented reality and an internal classification tool for augmented reality images (NFT).

Redshift

03/2024 - 06/2024 (ongoing)

Programmer (curricular internship)

This internship is taking place as part of my degree programme and aims to put the knowledge I've acquired during the course into practice in the world of work and improve my skills in ASP.NET and Angular.

INTERPERSONAL SKILLS

- Teamwork
- Good listener
- Resilient
- Autonomous
- Good time management

VOLUNTEER WORK

- Food collection for the food bank (Beja)
- Clean Up The World Project
- Beach clean-ups (Madeira)
